

# Keep On

By: The Green

I am on the road racing  
Nobody knows my name  
No one knows what to think  
There goes the fire I am insane again  
I am running my mo  
I am screaming and shouting  
I am pissed off the fact I know you try to bring us down

chorus  
We got to keep on  
Keep on fighting  
You know you got to keep on  
We got to keep on  
Keep on fighting  
Stand up

I got to hide away where we can go  
And get a little lazy first we got .. next the work it's gonna  
Get us crazy and then some times when it gets mixed up  
These emotions try to mess with my head so I split it fair  
And let them get their heads

chorus  
We got to keep on  
Keep on fighting  
You know you got to keep on  
We got to keep on  
Keep on fighting  
Stand up

I wanan see the world  
I wanna meet the girls  
I wanna change the scene  
When you open your ears  
You know what I mean  
I wanna be a star dont drive no fancy car

Chorus  
We got to keep on  
Keep on fighting  
You know you got to keep on  
We got to keep on

Keep on fighting  
Stand up

I will tell you someday  
That we are gonna do  
Please do this ting  
Won't you fallow too  
You mustn't be afraid no fear no way  
We sing a little song any time of the day  
Oh just sing along let me hear you say

Chorus  
We got to keep on  
Keep on fighting  
You know you got to keep on  
We got to keep on  
Keep on fighting  
Stand up
