

**Till We See You Again**  
**By Ernie White**

There's got to be a better place  
For the restless hearts  
In time and space

There's got to be a heaven above  
For all the lost souls  
To finally find love

Till we see you again, we'll carry on  
The best that we can, and try and stay strong  
Till I see you again, here in my heart you will always be  
Now that the world has set you free  
Till I see you again  
Till I see you again

Somebody told me not long ago  
Things happen for a reason  
But I don't know

So somebody tell me  
How it all makes sense  
When the only thing I feel  
Is such emptiness

Till we see you again, we'll carry on  
The best that we can, and try and stay strong  
Till I see you again, here in my heart you will always be  
Now that this world has set you free  
Set you free, set you free, set you free

Till we see you again, yea we'll carry on  
The best that we can, and try and stay strong  
Till I see you again, here in my heart you will always be  
Now that the world has set you free  
Set you free, set you free, set you free

Till we see you again, we'll carry on  
The best that we can, and try and stay strong
